DETAILED ACTION

1. The drawings are objected to because label "105" on figure 1 should be --110--. Additionally, the tag line for label 134 does not point to the referenced rear compartment. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
2. The disclosure is objected to because of the following informalities: proper reference to the relied upon provisional application should be included at the beginning of page 1. Additionally, in paragraph 21 – line 4, "75" should be --69--.

Appropriate correction is required.

3. Claim 1 is objected to because of the following informalities:

Art Unit: 3612

Claim 1 – line 38, “side” should be deleted for consistency of terminology.

Line 42, “side” should be deleted for consistency of terminology.

Line 45, “side” should be deleted for consistency of terminology.

Line 48, “side” should be deleted for consistency of terminology.

Appropriate correction is required.

4. Claim 2 is allowed. Claim 1 is objected to for the minor informalities noted above but is otherwise allowable.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. This application is in condition for allowance except for the following formal matters:

See minor informalities noted in paragraphs 1, 2, and 3 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
